Hi Jeanne, I am so sorry that I will be unable to attend the meeting tomorrow. I am on the LAHSA Commission, and we have our meeting downtown tomorrow morning.

I know that there are four things on the agenda tomorrow --

- who will be our "case manager" from your office (previously it was Marie)
- addressing the reimbursement for the expenses incurred prior to the contract being signed (something that we all discussed in your office when we met on Jan 22 of this year)
- the city's requirement for trees to be planted in the parking lot -- which is used for carnival, school and recreation purposes
- our revised budget that now reflects the city's requirement to pay prevailing wage -- Stormy will be able to show you that impact, which is considerable.

On this final point, I am thinking that this would represent a good ask of the continuing stream of UDAG loan payments that continue to be made from the H/H project. The CRA, of course, used to track those, and now I suspect it must be a department within the city. I know our original \$1.5M comes from that pool of funds, but those payments continue for many years. I was going to go back to my original files to find the document that reflects the annual UDAG obligation -- so those funds must be accruing in some account somewhere. I think I had sent all that to you before, but if you need me to locate it again, I am happy to do so.

So sorry I cannot be there -- but you are in good hands. Thank you for making the time!

Kerry

Hi ladies:

I apologize for the mixup today. Looking forward to seeing you tomorrow. Should I head to the rectory office?

Best,
